

SnapLight - Light Sticks

JALITE the obvious choice for professionals who are serious about safety.

Engineered for life safety!

SnapLight®

WHEN YOUR SAFETY DEPENDS ON LIGHT..

In an emergency situation every second counts, flashlights can limit your ability to see and cannot always be relied upon. The dependable 6" SnapLight is easy to use, identify and dispose of when in emergency situations. Providing 360° of light the 6" SnapLight is recommended for personal use during evacuations, power outages, camping, safety applications and utility work. Perfect for survival, first aid and evacuation kits as they are non-toxic, non-flammable, waterproof, and emit no heat, sparks or flames. Individually foil-wrapped for light/moisture protection.

PRODUCT FEATURES

The 6" SnapLight Industrial grade light stick provides up to 12 hours of illumination and is visible for up to 1 mile. Available in Red & Green.

**PHthalate
FREE
LIGHTSTICKS**

Phthalates are industrial chemicals found in everyday products and widely used by other lightstick manufacturers. Several phthalates have been banned from use due to health concerns, as they have been found to disrupt the endocrine system, damage human reproductive systems and even cause cancer.
